MEMORANDUM FOR THE RECORD

SUBJECT: [redacted] 25X1

On 20 January 1948 I interviewed [redacted]. I informed [redacted] that since he had entered on duty with FBIB he had not shown the aptitude we normally except of our new employees. I pointed out to him that we ordinarily brought untrained personnel in at CAF-5 and that in his case we brought him in at CAF-7. Up to the present he has not shown the aptitude of other personnel that we have brought in at CAF-5. He was instructed that it was absolutely necessary that he devote himself entirely to the job of producing results that would prove conclusively that we were justified in bringing him in at a CAF-7 while others were being brought in at CAF-5. 25X1 25X1

[redacted] stated that he realized that he was very inexperienced for our type of work and that he might be misplaced. He stated that he believed he was considerably better than he was when he came in and that he thought he was improving all the time. I stated that we recognized this fact, but that he was not improving as fast as we expected him to, nor was he improving as fast as other new employees brought in at lower grades. 25X1

He thanked me for my interview and asked if there were any other assignments in an administrative capacity for which he might be considered. I told him that there were none in FBIB and that if in approximately 30 days he felt or we felt that he could not carry his fair share of the work-load in his present assignment, I would request the Personnel Branch to find another spot for him.
